The Desk is 30x60 size with Three Presets.
White Base and Beigewood Top

The height adjustable desk includes two motors allowing smooth height adjustment while supporting a broad range of worksurface weights. The connect and lock frame and column make for a quick and easy assembly. With adjustable cross channels, the table base can adapt over time with the changing technology and work gear needs of the user. Designed to give users flexibility to sit or stand at their workspace with the touch of a button.

- 220 lbs. base lifting capacity
- 1.4"/sec. adjustment speed
- 17.3" height adjustment range
- 26.1"–43.4"(low/high) (excluding worksurface)
- Frame and column connect and lock for quick and easy assembly
- Gyro sensor anti-collision
- Two stage adjustable legs
- Adjustable width frame
- Meets or exceeds BIFMA x5.5 requirements
- Works with peds or storage with 24.5" max. height
